FOR LONG SHUT DOWN

AMALGAMATED COMPANY IS PRE-
PARING TO CEASE OPERATING
ITS MONTANA MINES.

WANT HEARING ADVANCED

CITIZENS DESIRE THE SUPREME
COURT TO ACT UPON APPEAL
AT AN EARLY DATE.

Butte, Mont., Oct. 24.—According to every indication at present the Amalgamated Copper company is preparing for a long shutdown, as many of the pumps in the big mines have suspended operations. The Amalgamated officials are reticent as to the probable length of the suspension, saying it may be of six or eight months' duration and perhaps a greater period.

An effort will be made by leading citizens of the state to have the supreme court advance the hearing on the appeal from Judge Clancey's decision in the hope that a reversal of the judgment of the tribunal will induce the Amalgamated Copper company to resume.

Indignation among the Amalgamated people is rife and they are loud in denouncing the present state of affairs and declare that all business on the part of the company will remain at a standstill until the Boston and Montana receivership is definitely settled.

F. Augustus Heinze's sensational statement attacking H. H. Rogers, stating that the present shutting down of the Amalgamated properties to be a scheme on the part of the Standard Oil magnate and his associates to affect the price of the stock and offering positions to all married men thrown out of employment, was followed by a statement by F. W. Scallion, president of the Anaconda company, and one of the leading Amalgamated officials in this state. Mr. Scallion denounced as

"Malicious Falsehoods."

The recent statements of Mr. Heinze regarding Mr. Rogers, "Mr. Rogers," declared President Scallion, "gave no order to close the mines and the assertion that the suspension of the Amalgamated properties is part of a stock-jobbing scheme is unqualifiedly false."

With the exception of small crews manning the pumps, all the mines are deserted, and as soon as the furnaces can be cleared of charges and fires drawn the four smelters of the Amalgamated company will shut down. This will soon be accomplished, and by tonight it is expected all opera-

tions of the Amalgamated Copper company will be at a complete standstill.

All shipments have ceased, and the Great Northern, Butte, Anaconda and Pacific are reducing their crews. The Northern Pacific and Oregon Short Line are little affected by the shut down.

It is estimated by the Amalgamated officials that between 14,000 and 15,000 are idle. This calculation includes all the men employed by the Amalgamated Copper company throughout the state of Montana. Business men fear the worst should the suspension continue any length of time, as the army of Amalgamated employees is the principal sustaining factor of Butte's industrial life. In Anaconda the town is practically dependent on the big Washoe plant for its existence, and the closing of the works is the worst blow in the history of that city.

Body Blow to Business Activity.

Business men of Great Falls are already urging that the case of the Amalgamated company may be speedily brought before the supreme court for consideration, as the closing of the electrolytic smelters means a body blow to the business activity of Great Falls.

Throughout the state generally a state of depression is reflected, and in Butte business is practically paralyzed with fear of a crash in the event of a prolonged close down. Business men are cancelling their orders for winter supplies.

As yet no acts of violence have been reported to the police, though it is feared some difficulty will be experienced in holding the big army of miners in check any length of time. At night the principal streets are blocked with indignant miners, and mutterings can be heard on all sides. Extra police have been sworn in with orders to prevent the gathering of large crowds.

It is reported that the pumps of the Leonard mine of the Boston and Montana group will suspend. Should this occur the flooding of the Minnie Healy mine, just awarded to F. Augustus Heinze by Judge Clancey, is considered inevitable, as the workings of the two properties connect and there is no apparent way to prevent the drainage of the Leonard by the Minnie Healy.

NITROGLYCERIN EXPLOSION.

One Peddler Killed and Another Horribly Mangled.

Butler, Pa., Oct. 24.—William Marks was instantly killed and Patrick Hardy fatally injured here Friday by an explosion of nitroglycerin. The men were peddlers of small notions and had camped in the woods near here. They found an empty can which they supposed had contained maple syrup, from the small bit of sticky substance adhering to the top. Marks sat down with the can between his knees and commenced to cut out the top so as to transform it into a water vessel. The small portion of the nitroglycerin at once exploded and Marks' head, hands and feet were blown off and his body dismembered. Hardy, who was standing close by, had his eyes blown out and the bones in his arms and legs shattered in a dozen places. He cannot recover.

FORMAL COMPLAINT MADE.

Exorbitant Charges for Handling Coal Shipped to Milwaukee.

Milwaukee, Oct. 24.—Formal complaints were Friday forwarded to the interstate commerce commission and to Governor La Follette against the alleged exorbitant charges for handling of all coal shipped to Milwaukee all rail for consumption here. These charges were prepared and signed by H. A. Van Auker, one of the independent wholesale grocers of the city. Mr. Van Auker hints at collusion between railroads and the coal combine, which he says "has resulted in compelling the public to pay from 40 to 60 cents more per ton for coal than other cities, further from the point of shipment than is Milwaukee, and to points where longer hauls are necessary than to Milwaukee, with poorer facilities for handling the business."

DES MOINES MEN INDICTED.

Officials Charged With Receiving Bribes and Extorting Money.

Des Moines, Ia., Oct. 24.—Six public officers were indicted Friday afternoon on the charge of receiving bribes, extorting money from resort proprietors and conspiracy to extort. There were sixteen true bills against the half dozen men, who are James Livingston, justice of the peace; John Vickers, justice of the peace; John Dalley, John Eggerman, D. E. Roe, constable and deputies, and A. M. Clarey. Sixty-two subpoenas were issued for witnesses, who will testify concerning city hall officials.

The indictments resulted from testimony by druggists and proprietors of resorts, who claim they were repeatedly forced to give large sums, under threat of prosecution.

TRAGEDY FOLLOWS A STRIKE.

Union Machinist Shot Dead by a Non-union Man.

Columbus, O., Oct. 24.—Vanevar L. Oldroyd, a union machinist, was shot dead last evening by Charles F. Weaver, a nonunion machinist, in front of the latter's home in St. Clair avenue. The tragedy is an outgrowth of the recent strike of machinists at the Hocking valley shops, where Weaver has been employed since the strike. Weaver and another employee of the Hocking shops, who was with him, were placed under arrest. They claim that Oldroyd and several other men assaulted them and Weaver says he shot in self-defense. Weaver's head was badly bruised and his arm lacerated.

CHILDREN ENTOMBED

THREE LITTLE ONES ARE SUFFOCATED BY CAVE-IN OF A CLAY BANK AT ST. PAUL.

MOTHERS SEARCH IN VAIN

HUNDREDS OF PEOPLE JOIN IN THE QUEST BEFORE THE REMAINS ARE FOUND.

St. Paul, Oct. 24.—While two distracted mothers, hundreds of neighbors and the police were scouring the West Side in search of three missing children yesterday afternoon and evening, the bodies of the little ones were lying beneath three feet of clay in a vacant lot at the corner of West George and Ohio streets.

The three children, Lucy Keogen, three years old, and Russell and Lorraine Anderson, four and five years old, went out to play together yesterday morning, shortly after 9 o'clock, and they were not seen again alive by their parents. With them went Clarence Mickelson, four years old, son of O. R. Mickelson, 542 Ohio street, and all four wandered into a vacant lot near by.

In the middle of the lot, surrounded by high weeds, is a clay pit, where neighbors have made an excavation of a few feet, and into this pit the children strayed. While seated together under an overhanging bank not more than five feet in height the children amused themselves by digging into the clay. Little Lucy had a knife, and with it she and Russell cut deeply into the soft ground to make a play-house. The labor had been nearly completed when suddenly the bank caved in, covering the Anderson boy, his sister and Lucy Keogen. The Mickelson boy, having left his playmates a few minutes before, escaped their fate. A little dog, a pet of the Anderson children, which was with them constantly, was entombed with them.

When the children did not return their mothers became anxious, and after calling in vain for them, commenced to search about the neighborhood. The children were first missed at about 10:30 yesterday forenoon, when Mrs. Anderson went to call her boy and girl.

From that time until darkness settled down, hundreds of neighbors and policemen vainly searched for the missing children. Finally a party of three men with lanterns explored the clay pit and soon struck the foot of Russell Anderson. Spades were obtained and the bodies of the three children, all dead from suffocation, were unearthed.

The Anderson children were the only little ones of that family; Lucy Keogen is the youngest of Widow Katherine Keogen's six children. The parents are distracted with grief.

TIMBER LAND FRAUDS.

Arrests in the Twin Cities Said to Be Imminent.

St. Paul, Oct. 24.—A Dispatch special from Washington says:

Arrests in connection with alleged timber frauds in the states of Oregon and Washington will soon be made in Minneapolis and St. Paul. United States Marshal Grimschaw will be given the names of several persons who have made alleged fraudulent entries under the timber and stone act and instructed to arrest them.

The department of justice in Washington is acting with the general land office in preparing to prosecute the cases. A prominent Minneapolis man, who for many years has operated extensively in pine lands, will be arrested and it is understood here, that he expects it and is ready to meet the charges of the special agents who have reported that he has made fraudulent entries.

Some locating and cruising companies in the Twin Cities are also said to be involved.

Prominent lumbermen of the Northwest say that they have nothing to fear from an investigation.

MAKES A DEPOSITION.

Chairman Bixby Appears Before a Court Commissioner.

Washington, Oct. 24.—Chairman Bixby of the Dawes Indian commission Friday made a deposition before a commissioner of the supreme court of the District of Columbia in the case of the Delaware Indians against the secretary of the interior, involving the segregation of 157,000 acres of land in the Cherokee Nation, claimed by the Delaware.

Mr. Bixby was summoned at the instance of the Indians and he testified chiefly concerning the details of the separation of these lands from the main body of the Cherokee lands, which was done by the commission in compliance with an act of congress.

YOUNG MARTYN GETS A \$5,000 VERDICT

Against the Minnesota & International in the Suit Just Tried in St. Paul.

COMPANY WILL APPEAL CASE

And General Manager Gemmell Expects That Result Will Be in Company's Favor.

In the case of John S. A. Martyn against the Minnesota & International Railway company, which has been on trial before Judge Kelly at St. Paul for some time, the jury this morning returned a verdict in favor of the plaintiff, placing his damages at \$5,000. Martyn was employed by the company as switchman and about a year ago was run over by an engine in the Brainerd yards of the company, losing a portion of his foot. He sued for \$25,000 damages.

On inquiry at the general office of the M. & I. in this city today, General Manager Gemmell stated: "Were it not for the sympathy that these personal injuries always arouse in the minds of the jurymen, the verdict would have been for the defendant, on the merits of the case. An appeal to the supreme court will of course be taken, and it will probably be a year from this date before a final adjudication is had, at which time the railway company believes that it will be decided in its favor."

George Smith left for the twin cities this noon.

Chas. Wilson has returned to the freight house for a few days to assist the new cashier to get on to the ropes.

Deputy Game Warden Saunders left this morning for the north to join the party at the old camp. He will return Tuesday morning.

G. W. Alexander, at one time manager of the Sleeper opera house in this city, is reported to have launched a new minstrel troupe at Duluth.

E. H. Gruenhagen has been awarded the contract to put in the new boiler for the county jail. Work has already commenced and it is expected that it will be completed in a short time.

Ed Somers has tendered his resignation as clerk at E. C. Bane's grocery store and leaves tonight for Missoula, Mont., where he has taken a position with the firm of P. M. Reilly & Co.

The Misses Kitty Walker and Clara Small will entertain on next Friday evening at Walker hall, the invitations having been sent out yesterday. There will be dancing commencing at 9 o'clock.

Wm. Firth and daughter Blanquita and his niece, Miss Amy Lowey, who have been spending the summer in Brainerd, will leave on Tuesday or Wednesday next for New York, whence they will sail Nov. 4th for Mr. Firth's home at Lenares, Chili. They will go by way of the Isthmus of Panama, and will arrive at Lenares about the 6th of December.

Supt. J. A. Wilson has recovered his pension order which was either lost or stolen, stolen it is thought from the manner in which it was sent back to the owner, in an envelope without a word of explanation. Mr. Wilson wrote the pension department at Washington regarding the matter and learned some things about lost checks and orders which might be of interest to old soldiers. It is a very difficult matter to get duplicates of lost orders, and even after sufficient proof has been given, they will not issue the duplicates for six months thereafter. Supt. Wilson gives this information for the benefit of the old soldiers.

THE NEW COMPANY WILL INCORPORATE

Those Interested in New Wholesale Grocery Firm Met and Perfected Organization.

CON O'BRIEN IS THE PRESIDENT

W. H. Cleary will be Secretary and General Manager of the New Concern.

Those interested in the new wholesale firm succeeding Cleary, McGinnis & Hemstead, met last night and perfected a new organization which in the future will be known as the Brainerd Mercantile Company, incorporated. The incorporators are W. H. Cleary, Dr. Werner Hemstead, Con. O'Brien, M. J. Reilly and J. W. Koop.

An inventory of the stock of the old concern has been taken, the same has been transferred to the new company and this morning the business is being run under the new management, the Brainerd Mercantile company. The capital stock of the new company is \$30,000.

The following officers have been elected:

President—Con. O'Brien.
Vice President—M. J. Reilly.
Secretary and General Manager—W. H. Cleary.
Treasurer—Dr. Werner Hemstead.
Chairman Auditing Com.—J. W. Koop.

It is the intention of this new firm to sell every local merchant in the grocery business stock in the new business, thus making it a thoroughly home institution. Eventually the firm expects to put in a coffee roasting plant, they will also engage in manufacturing extracts and baking powder and grind their own spices. By so doing they expect to be abundantly able to compete with all eastern concerns.

All the gentlemen interested in the new firm are well known in Brainerd and it makes a very strong combination. The old firm of Cleary, McGinnis & Hemstead has dissolved, J. F. McGinnis retiring. Mr. McGinnis has not yet decided definitely what he will take up, but expects to get located in business in a short time. He has been in the mercantile business in Brainerd upwards of twenty years, and is prominently connected here now, being interested in the Northern Pacific bank, and has always been considered one of the leading business men of the city.

W. H. Cleary, the general manager of the new firm, is a thorough business man in his line, having been prominently connected with some of the leading wholesale firms of the northwest. He is the right man in the right place, and under his able direction the Brainerd Mercantile company is sure to continue in the prosperity the old firm of Cleary, McGinnis & Hemstead has enjoyed during the past two years. The other gentlemen interested are too well known to need extended comment, having been in business here for years.

DECIDE TO ORGANIZE

Journeyman Tailors Met Last Night at P. M. Zakariasen's and Took Preliminary Steps.

There was a good turnout of the journeymen tailors at the store of P. M. Zakariasen last night called for the purpose of organizing a local union. This was thought advisable and the following officers, which are elected provisionally, were named:

President—Gust Johnson.
Secretary—Louis Zakariasen.
The organization will not be perfected until a charter is received from the head office.

STUFF'S OFF WITH MR. SWARTZ

No One at the Meeting Called Yesterday Afternoon, and He Therefore Decides to Quit Fair Business.

Crow Wing county will have no more county fairs, at least, not if M. K. Swartz and those who have been trying to keep the Crow Wing Agricultural society balloon inflated are concerned, as Mr. Swartz is thoroughly disgusted with the lack of interest taken in the matter by the people of the city and county.

It will be remembered that Mr. Swartz gave it out cold after the recent fair that unless some action be taken by the people of the city to guarantee him a reasonable degree of support, that he would tear down the fences and convert the buildings at the Swartz driving park to other purposes. He gave the people of the city a chance to signify their willingness in this direction by calling a meeting which was to have been held yesterday afternoon, but the meeting did not "pan out," there being only three present. Mr. Swartz, therefore, has decided to do just what he said and will at once commence work making arrangements for a big dairy and creamery which he will conduct on the site of the old driving park, and the county fairs will be no more.

Her Savings For Dowie.

Margaret Ellis, who has worked in one of the factories at Meriden, Conn., many years, has fallen under the spell of the preaching of John Alexander Dowie, the leader of Zion City, and has sent him all the savings of her lifetime, \$700, despite the entreaties of friends, says the New York World. She asks no return, but goes daily to her work content in the belief that she has done her part toward the great Dowie movement.

A BODY BLOW DEALT THE COMMISSION

Decision Handed Down by the State Supreme Court in the Linden Case.

JUDGE McCLENAHAN AFFIRMED

Decision Effects the Work of the Game Commission and Fullerton is Wrathful.

"A person who, in good faith, has purchased deer and moose skins for the purpose of tanning the same, acquires a valid title thereto; and in an action to recover the hides, or their value, from the game warden who took possession thereof, the owner is not required to prove that the animals from which such skins were taken were lawfully killed."

So declares Justice Lewis, of the state supreme court in affirming the lower court in the case of Dell Linden against F. F. McCormick, Jesse Harry, S. F. Fullerton and W. C. Tyndall, appellants, says the St. Paul Dispatch.

Tyndall is Sheriff of Itasca county, Harry, deputy sheriff, McCormick, deputy game warden, and Fullerton, executive agent of the state game and fish commission.

Linden was on Jan. 27, 1902, engaged in the business of tanning skins at Grave Lake, Itasca county. The sheriff and game warden swooped down on him and confiscated 50 deer hides and 10 moose hides. Linden sued for \$502, the value of the skins. He got a verdict of \$325. The defense appealed to the supreme court, claiming that the seizure of the skins was legal under the 1897 game law. The supreme court sustains the verdict and declares that the law places no restriction upon the disposition of skins by persons who legally kill the game and the records in this case do not show that these skins were taken from game illegally killed.

The decision is a very important and far-reaching one. It puts upon the state the burden of proof in such cases. The state will assume a risk every time it seizes a hide.

"We might as well quit," said Executive Agent Sam Fullerton, when he was told of the supreme court's ruling in the Linden case, in which the court held that the possession of game skins out of season is not evidence that the party possessing them has violated the game laws.

"It is an invitation to men to go into the woods and deliberately kill off the game under protection of the law."

This case was tried by Judge McClenahan at Grand Rapids. He directed a verdict for the plaintiff and all the jury did was to fix the damages. The supreme court has affirmed Judge McClenahan's decision in this matter, and it is important in view of the fact that it is one of the first cases of the kind ever tried in this state.

BURGLARS' AID SOCIETY.

Chicago Organization Said to Mark Houses For Mutual Benefit.

The "Burglars' Aid association" is the unofficial title of an organized band believed to exist in the new city police precinct of Chicago. Discovery by the police that each member of this supposed alliance of housebreakers leaves written on his victims' homes characters of a secret code for the benefit and information of any other member who may seek to enter the same places was made recently in the course of an investigation of an attempted burglary at 53-43 Justine street, says a Chicago dispatch.

Crosses, circles and the pictures of dogs, made by a knife, pencil or chalk are believed by the police to be the principal characters of this strange code. In cases of arrests of persons suspected of having committed burglaries the police say that it is evident that the prisoners have powerful backing, and no money is spared by their friends to secure their release.

Beneath the windows there were crosses written with chalk and pencil. It was believed that these signs were made by the thieves, and investigation was made of other windows through which an attempt was made to gain entrance into the house a month ago. Beneath them were signs similar to those found in the rear.

The meaning of the mark, the police believe, is that no entrance can be obtained through the opening under which it appears. Beside the door leading into the house from the front porch the police found an arrow pointing toward the door. It was through this door that burglars entered the house two months ago. This arrow, in the opinion of the police, means that the way to enter is easy. Later, however, the sign failed to be of help, as the door was locked securely.

Above the door at 530 Justine street the picture of a large dog was found. It is believed to be a warning to be aware of the bulldog allowed to run loose in the yard at nighttime.

THE NEW COMPANY WILL INCORPORATE

Those Interested in New Wholesale Grocery Firm Met and Perfected Organization.

CON O'BRIEN IS THE PRESIDENT

W. H. Cleary will be Secretary and General Manager of the New Concern.

Those interested in the new wholesale firm succeeding Cleary, McGinnis & Hemstead, met last night and perfected a new organization which in the future will be known as the Brainerd Mercantile Company, incorporated. The incorporators are W. H. Cleary, Dr. Werner Hemstead, Con. O'Brien, M. J. Reilly and J. W. Koop.

An inventory of the stock of the old concern has been taken, the same has been transferred to the new company and this morning the business is being run under the new management, the Brainerd Mercantile company. The capital stock of the new company is \$36,000.

The following officers have been elected:

President—Con. O'Brien.
Vice President—M. J. Reilly.
Secretary and General Manager—W. H. Cleary.
Treasurer—Dr. Werner Hemstead.
Chairman Auditing Com.—J. W. Koop.

It is the intention of this new firm to sell every local merchant in the grocery business stock in the new business, thus making it a thoroughly home institution. Eventually the firm expects to put in a coffee roasting plant, they will also engage in manufacturing extracts and baking powder and grind their own spices. By so doing they expect to be abundantly able to compete with all eastern concerns.

All the gentlemen interested in the new firm are well known in Brainerd and it makes a very strong combination. The old firm of Cleary, McGinnis & Hemstead has dissolved, J. F. McGinnis retiring. Mr. McGinnis has not yet decided definitely what he will take up, but expects to get located in business in a short time. He has been in the mercantile business in Brainerd upwards of twenty years, and is prominently connected here now, being interested in the Northern Pacific bank, and has always been considered one of the leading business men of the city.

W. H. Cleary, the general manager of the new firm, is a thorough business man in his line, having been prominently connected with some of the leading wholesale firms of the northwest. He is the right man in the right place, and under his able direction the Brainerd Mercantile company is sure to continue in the prosperity the old firm of Cleary, McGinnis & Hemstead has enjoyed during the past two years. The other gentlemen interested are too well known to need extended comment, having been in business here for years.

DECIDE TO ORGANIZE

Journeyman Tailors Met Last Night at P. M. Zakariassen's and Took Preliminary Steps.

There was a good turnout of the journeymen tailors at the store of P. M. Zakariassen last night called for the purpose of organizing a local union. This was thought advisable and the following officers, which are elected provisionally, were named:

President—Gust Johnson.
Secretary—Louis Zakariassen.
The organization will not be perfected until a charter is received from the head office.

STUFF'S OFF WITH MR. SWARTZ

No One at the Meeting Called Yesterday Afternoon, and He Therefore Declines to Quit Fair Business.

Crow Wing county will have no more county fairs, at least, not if M. K. Swartz and those who have been trying to keep the Crow Wing Agricultural society balloon inflated are concerned. As Mr. Swartz is thoroughly disgusted with the lack of interest taken in the matter by the people of the city and county.

It will be remembered that Mr. Swartz gave it out cold after the recent fair that unless some action be taken by the people of the city to guarantee him a reasonable degree of support, that he would tear down the fences and convert the buildings at the Swartz driving park to other purposes. He gave the people of the city a chance to signify their willingness in this direction by calling a meeting which was to have been held yesterday afternoon, but the meeting did not "pan out," there being only three present. Mr. Swartz, therefore, has decided to do just what he said and will at once commence work making arrangements for a big dairy and creamery which he will conduct on the site of the old driving park, and the county fairs will be no more.

Her Savings For Dowie.

Margaret Ellis, who has worked in one of the factories at Meriden, Conn., many years, has fallen under the spell of the preaching of John Alexander Dowie, the leader of Zion City, and has sent him all the savings of her lifetime, \$700, despite the entreaties of friends, says the New York World. She asks no return, but goes daily to her work content in the belief that she has done her part toward the great Dowie movement.

A BODY BLOW DEALT THE COMMISSION

Decision Handed Down by the State Supreme Court in the Linden Case.

JUDGE McCLENAHAN AFFIRMED

Decision Effects the Work of the Game Commission and Fullerton Is Wrathful.

"A person who, in good faith, has purchased deer and moose skins for the purpose of tanning the same, acquires a valid title thereto; and in action to recover the hides, or their value, from the game warden who took possession thereof, the owner is not required to prove that the animals from which such skins were taken were lawfully killed."

So declares Justice Lewis, of the state supreme court in affirming the lower court in the case of Dell Linden against F. F. McCormick, Jesse Harry, S. F. Fullerton and W. C. Tyndall, appellant, says the St. Paul Dispatch.

Tyndall is Sheriff of Itasca county, Harry, deputy sheriff, McCormick, deputy game warden, and Fullerton, executive agent of the state game and fish commission.

Linden was on Jan. 27, 1902, engaged in the business of tanning skins at Grave Lake, Itasca county. The sheriff and game warden swooped down on him and confiscated 50 deer hides and 10 moose hides. Linden sued for \$502, the value of the skins. He got a verdict of \$325. The defense appealed to the supreme court, claiming that the seizure of the skins was legal under the 1897 game law. The supreme court sustains the verdict and declares that the law places no restriction upon the disposition of skins by persons who legally kill the game and the records in this case do not show that these skins were taken from game illegally killed.

The decision is a very important and far-reaching one. It puts upon the state the burden of proof in such cases. The state will assume a risk every time it seizes a hide.

"We might as well quit," said Executive Agent Sam Fullerton, when he was told of the supreme court's ruling in the Linden case, in which the court held that the possession of game skins out of season is not evidence that the party possessing them has violated the game laws.

"It is an invitation to men to go into the woods and deliberately kill off the game under protection of the law."

This case was tried by Judge McClenahan at Grand Rapids. He directed a verdict for the plaintiff and all the jury did was to fix the damages. The supreme court has affirmed Judge McClenahan's decision in this matter, and it is important in view of the fact that it is one of the first cases of the kind ever tried in this state.

BURGLARS' AID SOCIETY.

Chicago Organization Said to Mark Houses For Mutual Benefit.

The "Burglars' Aid Association" is the unofficial title of an organized band believed to exist in the new city police precinct of Chicago. Discovery by the police that each member of this supposed alliance of housebreakers leaves written on his victims' homes characters of a secret code for the benefit and information of any other member who may seek to enter the same places was made recently in the course of an investigation of an attempted burglary at 53-J Justine street, says a Chicago dispatch.

Crosses, circles and the pictures of dogs, made by a knife, pencil or chalk are believed by the police to be the principal characters of this strange code. In cases of arrests of persons suspected of having committed burglaries the police say that it is evident that the prisoners have powerful backing, and no money is spared by their friends to secure their release.

Beneath the windows there were crosses written with chalk and pencil. It was believed that these signs were made by the thieves, and investigation was made of other windows through which an attempt was made to gain entrance into the house a month ago. Beneath them were signs similar to those found in the rear.

The meaning of the mark, the police believe, is that no entrance can be obtained through the opening under which it appears. Beside the door leading into the house from the front porch the police found an arrow pointing toward the door. It was through this door that burglars entered the house two months ago. This arrow, in the opinion of the police, means that the way to enter is easy. Later, however, the sign failed to be of help, as the door was locked securely.

Above the door at 530 Justine street the picture of a large dog was found. It is believed to be a warning to beware of the bulldog allowed to run loose in the yard at night.

FOR INCITING ANARCHY.
Englishman Arrested on Complaint of Secretary Cortelyou.
New York, Oct. 24.—Armed with a warrant sworn out by Secretary Cortelyou of the department of commerce and labor, four immigration inspectors, with several secret service detectives and a number of policemen, went to Murray Hill Lyceum last night and arrested John Turner, an Englishman, on a charge of inciting and promoting anarchy, in violation of the alien labor laws.
Turner had just finished a lecture on "Trade Unionism of the General Strike," and the hall, which was crowded, was in an uproar when the arrest was made, but the police were too numerous for the crowd to do more than shout their disapproval. Turner was put aboard a revenue cutter and taken to Ellis Island, where he was locked up.

Immigration Commissioner Williams has had a warrant for Turner's arrest for the past five weeks.
The federal officials allege that he had been going from city to city, preaching anarchy, and though trailed by a number of secret service detectives he was not apprehended until last night.

Emma Goldman sat on the platform with Turner and denounced his arrest but urged the crowd to leave the hall without making a demonstration.
The police confiscated a lot of anarchy circulars and cards which had been distributed.

Turner will be arraigned before a United States commissioner today.

FORTIFYING YONGAMPHO.

Russians Preparing to Mount Heavy Guns There.

London, Oct. 24.—In a dispatch to the Daily Mail, the correspondent of that paper at Yokohama reiterates a statement made October 19, that the Russians are fortifying Yongampho, and declares that today he has authentic information that they have built a fort and are preparing to mount heavy guns there.

The Japanese government, the correspondent continues, is conferring with representatives of all Japanese railroads with a view to effecting the most speedy mobilization of the army whenever this becomes necessary.

The Tien Tsin correspondent of the Daily Mail says that Japan has warned China that she will occupy some points on Chinese territory if Russia fails to evacuate Manchuria.

In a dispatch from St. Petersburg, a correspondent of the Daily Telegraph says that in an interview an official of the Russian foreign office deprecated the alarmist reports concerning war between Russia and Japan.

He said there was good reason to believe that an amicable settlement would be reached; that Russia did not intend to provoke war, and, to the best of his information, the Japanese government was acting in the same spirit.

NATURE OF SCHWAB'S DEFENSE.

Sharply Outlined During Examination of Lewis Nixon.

New York, Oct. 24.—The nature of the defense which Charles M. Schwab will make to the charges that have been made against him in connection with the financial affairs of the wrecked United States Shipbuilding company was sharply outlined during the latter part of the hearing before Examiner Oliphant late Friday. Lewis Nixon was still on the stand and under cross-examination by W. D. Guthrie, counsel for Mr. Schwab, there was an effort to show that the corporation would not have succeeded if the \$2,000,000 promised under the Sheldon plan of reorganization had been made available and that it could not have continued its existence even if it had received the much sought for \$900,000 which it is alleged was wrongfully withheld by the Bethlehem company.
Mr. Guthrie showed by Mr. Nixon that the \$900,000 would have been absorbed without relieving the company of all of the financial embarrassment which it suffered and then asked if it would have been honest to the other creditors if the interest charges on account of bonds had been paid on July 1, the date of the crisis in the affairs of the concern.

The examination of Mr. Nixon was not concluded and will be resumed at the next hearing, which is set for a week from Monday.

STEERAGE IMMIGRATION.

Large Increase Reported for the Past Fiscal Year.

Washington, Oct. 24.—The annual report of Commissioner General Frank P. Sargent of the bureau of immigration shows a large increase of steerage immigration, the aggregate for the fiscal year being 857,046, an excess over last year of 208,303, or 32 per cent. The statistics show an increase in immigration from all foreign sources, suggesting as the chief cause of the influx of aliens into the United States during the year the inducements offered to settlers here rather than any special causes of discontent in their own countries.

Of the total steerage immigration there came from Europe 814,837; from Asia 29,966, and from all other sources 12,573. If to these figures are added those representing the total arrivals of alien cabin passengers 64,269, the result will show that the total immigration of aliens to the United States during the year aggregated 921,315, or 105,043 more than the greatest number heretofore reported for any one year. The greatest number of immigrants—230,622—came from Italy.

The report recommends that a fine be imposed on any line bringing over any alien with a disease that is apparent.

The report indicates a marked improvement in the enforcement of the complex and strongly resisted Chinese exclusion laws.

COIT DROPS BOY TO DEATH.

Minneapolis, Oct. 24.—Leo Knights, twelve years old, a son of Leo Knights, living at Camden place, was yesterday leading a colt by a long halter. He tied the halter about his body and the colt ran away, dragging the boy after him at a terrific pace. When the colt finally stopped the boy was unconscious, and died before a doctor could reach him.

OHIO MARSHAL SHOT

JOHN G. ELLIOTT KILLED AND WILLIAM SMITH WOUNDED DURING A FIGHT.

NEGROES MAY BE LYNCHED

THREE OF THE GANG THAT ATTACKED THE OFFICER HELD AT BAY IN A CABIN.

Wheeling, W. Va., Oct. 24.—One man is dead and another is dying as a result of a clash between officers and a mob of angry negro laborers and foreigners at Flushing.

The battle took place in the tunnel of the Baltimore and Ohio railroad at Flushing, shortly after 10 o'clock last night.

The dead man is John G. Elliott, marshal of Flushing, and the fatally wounded man is William Smith, colored.

Three of the gang are surrounded in a cabin by a posse of citizens and a lynching is feared.

About 10 o'clock last night Marshal Elliott was called to quell a disturbance in the streets caused by the negroes. The officer, cautioning them that a repetition would mean arrest, two of the men assaulted him. Marshal Elliott ran for reinforcements.

When he returned the men had disappeared, but were tracked to the tunnel, where they had fortified themselves. Marshal Elliott led an attack and fought the gang hand to hand, but a bullet pierced his back and he died in half an hour. The deputies removed his body from the tunnel and succeeded in capturing six of the men, against whom feeling is intense.

More deputies were sworn in and the officers were joined by a posse of citizens, but when they reached the tunnel no trace of the men could be found. The posse took up the chase and located three men, two black and one a foreigner, in a lonely cabin, at midnight. The men resisted arrest, and after the house had been surrounded one member of the posse advanced to the door and commanded the men to surrender. His shout met with a volley of lead and he retreated. The posse are holding the place under the cover of their guns until the Belmont county officers, who are hurrying to the scene, arrive.

BATTLE WITH BANDITS.

Ishpeming (Mich.) Police Fight Alleged Postoffice Robbers.

Ishpeming, Mich., Oct. 24.—After a desperate struggle with alleged robbers of the Superior (Wis.) postoffice six Ishpeming policemen wounded and captured two of the trio on a train which arrived here at 4 a. m. At midnight Marshal Fandrem was advised by the Superior chief of police that three men suspected of the postoffice robbery were on the train and that the conductor would identify them. The marshal and five officers went to West Ishpeming, where the train was boarded. The marshal and two officers took the rear of the coach and Officer Patrick Collins, in charge of a squad at the front. The suspects were on the alert and two of them began firing on the officers at the rear end of the car as soon as they entered. Meanwhile Collins and his assistants had entered the front of the car. All were driven back by two of the desperadoes, who threatened to shoot if they advanced another foot. Collins and his men retreated.

Finding the rear door of the car blocked the robbers ran to the front end, where they again met Collins. One of them raised his revolver to shoot Collins, but the officer fired first, sending the bullet through the man's hand. The wounded man threw up his hands, begging the officer not to kill him.

While this was going on shots were being exchanged between Marshal Fandrem and a second desperado. Finally a bullet from the marshal's revolver lodged in his back. Seeing that the game was up the fellow surrendered.

The third got away and started for the woods. Officers are now after him.

SHAW AT MUSCATINE.

Secretary of the Treasury Talks to Large Political Gathering.

Muscatine, Ia., Oct. 24.—Leslie M. Shaw, secretary of the treasury of the United States, opened the Iowa campaign last night by a speech at Muscatine, in which he talked for two hours upon the tariff, trust, money and ship subsidy questions, making as the keynote of his talk an appeal to the people to demand the opening up of the markets of the South for United States products. He spoke for two hours to the largest political gathering ever assembled here.

FURTHER TROUBLE EXPECTED.

Whites and Negroes Excited Over Murderous Assault.

Letohatchie, Ala., Oct. 24.—J. B. Mitchell, Jr., and his clerk Will Davis, were shot from their horses Friday and mortally wounded by an unknown negro, who used a gun loaded with buckshot. Both are expected to die. Two negroes have been pursued and are surrounded by a large posse. The whites and negroes are much excited over the affair and more trouble is expected.

STRUCK BY PASSENGER TRAIN.

G. W. Turner and Wife Instantly Killed at Edgar, Neb.

Edgar, Neb., Oct. 24.—Mr. and Mrs. G. W. Turner of Edgar were both instantly killed Friday afternoon while attempting to cross the track ahead of the Burlington passenger train. The bodies were badly mutilated, the woman's head cut off, the horse killed and carriage smashed.

CONSERVATISM INCREASES.

General Trade Conditions, However, Are Good All Over the Country.

New York, Oct. 24.—Badstreet's weekly review of trade says that the week's developments have favored an increase in the conservatism which has ruled in many lines for some time. Buying is not so confident and smaller quantities are taken than a year ago at this time. Actual needs, which after all are large, and not speculative feeling, dominate the demand. Poor support appears to give an appearance of irregularity to general trade as a whole. Railway gross earnings are more moderate than earlier in the year, but still reflect good gains in the volume of traffic over a year ago. Car shortages are not complained of much outside the lumber trade.

Seasonal shutdowns of outside work on railroad improvements, suspension of iron furnaces and copper, coal and iron ore mines have rendered many thousands of persons idle. On the other hand the long standing curtailment of cotton mills is becoming a thing of the past and some shut down mills have revived.

Trade is apparently active the country over with coffee showing most price strength. The shoe trade, too, is active, though mild weather curtails demand in some sections. Colder weather is needed to stimulate retail demand for drygoods and heavy clothing. Holiday goods are opening well and the outlook is regarded as favorable for this line. Woollens are in smaller demand than expected, while a slight gain is noted in clothing. Mild weather affects the fur trade.

RIOT AT A FOOTBALL GAME.

Three Hundred Kentuckians Have a Lively Fight.

Lexington, Ky., Oct. 23.—An incident riot occurred in a football game between the second teams of the state college and Kentucky university on the latter's field Friday afternoon, breaking up the game without either side scoring. Fully 300 students, including the first teams of both colleges, were mixed up in the affray. A dozen boys received black eyes and bruises, but beyond that no damage was done. Professors and cooler heads among the older students finally separated the belligerents after fifteen minutes of fighting.

TELEGRAPHIC BREVITIES.

On account of the high wind, Lou Dillon did not attempt to lower the trotting record at Memphis Friday.

John E. Brown, wanted in New Holland, O., for embezzlement of bank funds is under arrest at San Francisco.

The five-story building of the Old Dominion Paper company, at Norfolk, Va., was gutted by fire Friday; loss, \$75,000.

Fire late Friday night destroyed the big repair shops of the Pittsburgh and Western railroad at Allegheny, Pa. Loss, \$100,000.

W. E. Lattimer, a merchant of Woodstock, O., was attacked and killed by highwaymen as he was about to enter his home Friday night.

E. Manuel, a second timer, was shot by the guards and killed while attempting to escape from the state prison at Folsom, Cal.

The Dowle meeting Friday night in New York was given over principally to a farewell to Mrs. Dowle and her son, who will leave for Europe today.

Henry Watterson delivered his lecture on "Society" last evening in Carnegie Music hall, at Allegheny, Pa., before a small but enthusiastic audience.

D. A. McKinley of Champaign, Ill., died there Friday, aged eighty-three. He was the first mayor of that city and one of the most prominent lawyers in Illinois.

In sympathy with fellow workmen in New York, 200 United Garment workers employed by the International Tailoring company of Chicago went on strike Friday.

The National Spiritualists' association finished its annual convention in Washington Friday and adjourned to meet in St. Louis in 1904. Harrison D. Barrett of Boston was elected president.

ANNUAL CONVENTION ENDS.

Bankers Install Their New Officers and Adjourn.

San Francisco, Oct. 24.—The twenty-ninth annual convention of the American Bankers' association ended with the installation of the newly chosen officers and the presentation to the retiring president, H. Caldwell Hardy, of a beautiful silver punch bowl. The selection of a city for the convention of 1904 will be made by the executive committee early next year.

J. B. Finly, president of the Fourth National bank of Pittsburg, read a paper on "The Education of Bank Clerks."

The executive council presented the following resolution, which was adopted:

"Resolved that the uniform currency committee report appointed under resolution of the last convention of the American Bankers' association held at New Orleans last year be adopted and that the president of this association appoint a committee of three to recommend legislation along the lines of this report."

Ellis H. Roberts, treasurer of the United States, was greeted with applause when he was introduced to deliver a speech on "The Effects of the Inflow of Gold," and he was even more heartily applauded when he concluded.

RESEMBLED THE REAL THING.

Lively Pitched Battle Between the Browns and Blues.

Fort Riley, Kan., Oct. 23.—There was a pitched battle Friday seven miles northeast of the maneuver camp and it came about as close to the real thing as was possible with blank cartridges. It was good to look upon, better to be in and full of infantry dash and the touch and go of cavalry work. The browns, under General Barry, represented a force advancing from the north. The blues, under General Bell, were a force which have been pushed out on a reconnaissance, and were attacked at once by the browns, and the resultant mixup constituted a "contact of opposing forces of all arms." General Barry's force, which marched out Thursday evening and passed a chilly bivouac during the night, was forbidden by the conditions of the problem to march forward before 10:20 a. m. General Bell left his camp at 7:30 and when the opposing army was "privileged to start was close upon him and ready for operations. The Fifty-fifth Iowa regiment distinguished itself during the battle by its steady action in holding General Barry at bay.

CAUSES MUCH INDIGNATION.

State Quarantine Declared Against San Antonio, Tex.

San Antonio, Tex., Oct. 24.—The yellow fever situation in San Antonio at the close of Friday was very encouraging. The official bulletin follows: New cases, 1; deaths, none; total cases, 9; total deaths, 3.

The state quarantine Friday declared against San Antonio has caused much indignation here as the governor has not proclaimed a state quarantine against Laredo, where there are over 500 cases, against 9 in San Antonio.

The official yellow fever bulletin of Laredo is as follows: New cases, 33; deaths, 5; total cases to date, 509; total deaths, 52.

DEPOSITORS PROTECTED.

Will Lose Nothing Through Shortage of Assistant Cashier Buck.

St. Paul, Oct. 24.—S. T. Johnson, state public examiner, has returned from Mapleton, where he has been investigating the affairs of the State Bank of Mapleton. He says depositors of the bank will lose nothing through the shortage of Alfred A. Buck, the assistant cashier, as it is now known that the amount of the shortage will not exceed \$18,000. The capital of the bank is \$10,000 and the stockholders are liable for double that sum.

FOR INCITING ANARCHY.

Englishman Arrested on Complaint of Secretary Cortelyou.

New York, Oct. 24.—Armed with a warrant sworn out by Secretary Cortelyou of the department of commerce and labor, four immigration inspectors, with several secret service detectives and a number of policemen, went to Murray Hill Lyceum last night and arrested John Turner, an Englishman, on a charge of inciting and promoting anarchy, in violation of the alien labor laws.

Turner had just finished a lecture on "Trade Unionism of the General Strike," and the hall, which was crowded, was in an uproar when the arrest was made, but the police were too numerous for the crowd to do more than shout their disapproval. Turner was put aboard a revenue cutter and taken to Ellis Island, where he was locked up.

Immigration Commissioner Williams has had a warrant for Turner's arrest for the past five weeks.

The federal officials alleged that he had been going from city to city, preaching anarchy, and though trailed by a number of secret service detectives he was not apprehended until last night.

Emma Goldman sat on the platform with Turner and denounced his arrest but urged the crowd to leave the hall without making a demonstration.

The police confiscated a lot of anarchistic circulars and cards which had been distributed.

Turner will be arraigned before a United States commissioner today.

FORTIFYING YONGAMPHO.

Russians Preparing to Mount Heavy Guns There.

London, Oct. 24.—In a dispatch to the Daily Mail, the correspondent of that paper at Yokohama reiterates a statement made October 19, that the Russians are fortifying Yongampho, and declares that today he has authentic information that they have built a fort and are preparing to mount heavy guns there.

The Japanese government, the correspondent continues, is conferring with representatives of all Japanese railroads with a view to effecting the most speedy mobilization of the army whenever this becomes necessary.

The Tien Tsin correspondent of the Daily Mail says that Japan has warned China that she will occupy some points on Chinese territory if Russia fails to evacuate Manchuria.

In a dispatch from St. Petersburg, a correspondent of the Daily Telegraph says that in an interview an official of the Russian foreign office deprecated the alarmist reports concerning war between Russia and Japan.

He said there was good reason to believe that an amicable settlement would be reached; that Russia did not intend to provoke war, and to the best of his information, the Japanese government was acting in the same spirit.

NATURE OF SCHWAB'S DEFENSE.

Sharply Outlined During Examination of Lewis Nixon.

New York, Oct. 24.—The nature of the defense which Charles M. Schwab will make to the charges that have been made against him in connection with the financial affairs of the wrecked United States Shipbuilding company was sharply outlined during the latter part of the hearing before Examiner Olliphant late Friday. Lewis Nixon was still on the stand and under cross-examination by W. D. Guthrie, counsel for Mr. Schwab, there was an effort to show that the corporation would not have succeeded if the \$2,000,000 promised under the Sheldon plan of reorganization had been made available and that it could not have continued its existence even if it had received the much sought for \$900,000 which it is alleged, was wrongfully withheld by the Bethlehem company.

Mr. Guthrie showed by Mr. Nixon that the \$900,000 would have been absorbed without relieving the company of all of the financial embarrassment which it suffered and then asked if it would have been honest to the other creditors if the interest charges on account of bonds had been paid on July 1, the date of the crisis in the affairs of the concern.

The examination of Mr. Nixon was not concluded and will be resumed at the next hearing, which is set for a week from Monday.

STEERAGE IMMIGRATION.

Large Increase Reported for the Past Fiscal Year.

Washington, Oct. 24.—The annual report of Commissioner General Frank P. Sargent of the bureau of immigration shows a large increase of steerage immigration, the aggregate for the fiscal year being \$57,046, an excess over last year of 268,303, or 32 per cent. The statistics show an increase in immigration from all foreign sources, suggesting as the chief cause of the influx of aliens into the United States during the year the inducements offered to settlers here rather than any special causes of discontent in their own countries.

Of the total steerage immigration there came from Europe 814,837, from Asia 29,966, and from all other sources 12,573. If to these figures are added those representing the total arrivals of alien cabin passengers 64,269, the result will show that the total immigration of aliens to the United States during the year aggregated 921,315, or 105,043 more than the greatest number heretofore reported for any one year. The greatest number of immigrants—230,622—came from Italy.

The report recommends that a fine be imposed on any line bringing over any alien with a disease that is apparent.

The report indicates a marked improvement in the enforcement of the complex and strongly resisted Chinese exclusion laws.

Colt Drags Boy to Death.

Minneapolis, Oct. 24.—Leo Knights, twelve years old, a son of Leo Knights, living at Camden place, was yesterday leading a colt by a long halter. He tied the halter about his body and the colt ran away, dragging the boy after him at a terrific pace. When the colt finally stopped the boy was unconscious, and died before a doctor could reach him.

OHIO MARSHAL SHOT

JOHN G. ELLIOTT KILLED AND
WILLIAM SMITH WOUNDED
DURING A FIGHT.

NEGROES MAY BE LYNCHED

THREE OF THE GANG THAT AT-TACKED THE OFFICER HELD AT BAY IN A CABIN.

Wheeling, W. Va., Oct. 24.—One man is dead and another is dying as a result of a clash between officers and a mob of angry negro laborers and foreigners at Flushing.

The battle took place in the tunnel of the Baltimore and Ohio railroad at Flushing, shortly after 10 o'clock last night.

The dead man is John G. Elliott, marshal of Flushing, and the fatally wounded man is William Smith, colored.

Three of the gang are surrounded in a cabin by a posse of citizens and a lynching is feared.

About 10 o'clock last night Marshal Elliott was called to quell a disturbance in the streets caused by the negroes. The officer, cautioning them that a repetition would mean arrest, two of the men assaulted him. Marshal Elliott ran for reinforcements, and when he returned the men had disappeared, but were tracked to the tunnel, where they had fortified themselves. Marshal Elliott led an attack and fought the gang hand to hand, but a bullet pierced his back and he died in half an hour. The deputies removed his body from the tunnel and succeeded in capturing six of the men, against whom feeling is intense.

More deputies were sworn in and the officers were joined by a posse of citizens, but when they reached the tunnel no trace of the men could be found. The posse took up the chase and located three men, two black and one a foreigner, in a lonely cabin, at midnight. The men resisted arrest, and after the house had been surrounded one member of the posse advanced to the door and commanded the men to surrender. His shout met with a volley of lead and he retreated. The posse are holding the place under the cover of their guns until the Belmont county officers, who are hurrying to the scene, arrive.

BATTLE WITH BANDITS.

Ishpeming (Mich.) Police Fight Alleged Postoffice Robbers.

Ishpeming, Mich., Oct. 24.—After a desperate struggle with alleged robbers of the Superior (Wis.) postoffice six Ishpeming policemen wounded and captured two of the trio on a train which arrived here at 4 a. m. At midnight Marshal Fandrem was advised by the Superior chief of police that three men suspected of the postoffice robbery were on the train and that the conductor would identify them. The marshal and five officers went to West Ishpeming, where the train was boarded. The marshal and two officers took the rear of the coach and Officer Patrick Collins, in charge of a squad, at the front. The suspects were on the alert and two of them began firing on the officers at the rear end of the car as soon as they entered. Meanwhile Collins and his assistants had entered the front of the car. All were driven back by two of the desperadoes, who threatened to shoot if they advanced another foot. Collins and his men retreated.

Finding the rear door of the car blocked the robbers ran to the front end, where they again met Collins. One of them raised his revolver to shoot Collins, but the officer fired first, sending the bullet through the man's hand. The wounded man threw up his hands, begging the officer not to kill him.

While this was going on shots were being exchanged between Marshal Fandrem and a second desperado. Finally a bullet from the marshal's revolver lodged in his back. Seeing that the game was up the fellow surrendered.

The third got away and started for the woods. Officers are now after him.

SHAW AT MUSCATINE.

Secretary of the Treasury Talks to Large Political Gathering.

Muscatine, Ia., Oct. 24.—Leslie M. Shaw, secretary of the treasury of the United States, opened the Iowa campaign last night by a speech at Muscatine, in which he talked for two hours upon the tariff, trust, money and ship subsidy questions, making as the keynote of his talk an appeal to the people to demand the opening up of the markets of the South for United States products. ANNUAL CONVENTION ENDS.

Bankers Install Their New Officers and Adjourn.

San Francisco, Oct. 24.—The twenty-ninth annual convention of the American Bankers' association ended with the installation of the newly chosen officers and the presentation to the retiring president, H. Caldwell Hardy, of a beautiful silver punch bowl. The selection of a city for the convention of 1904 will be made by the executive committee early next year.

J. B. Finly, president of the Fourth National bank of Pittsburg, read a paper on "The Education of Bank Clerks."

The executive council presented the following resolution, which was adopted: "Resolved that the uniform currency committee report appointed under resolution of the last convention of the American Bankers' association held at New Orleans last year be adopted and that the president of this association appoint a committee of three to recommend legislation along the lines of this report."

Ellis H. Roberts, treasurer of the United States, was greeted with applause when he was introduced to deliver a speech on "The Effects of the Inflow of Gold," and he was even more heartily applauded when he concluded.

RESEMBLED THE REAL THING.

Lively Pitched Battle Between the Browns and Blues.

Fort Riley, Kan., Oct. 23.—There was a pitched battle Friday seven miles northeast of the maneuver camp and it came about as close to the real thing as was possible with blank cartridges. It was good to look upon, better to be in and full of infantry dash and the touch and go of cavalry work. The browns, under General Barry, represented a force advancing from the north. The blues, under General Bell, were a force which have been pushed out on a reconnaissance, and were attacked at once by the browns, and the resultant mixup constituted a "contact of opposing forces of all arms." General Barry's force, which marched out Thursday evening and passed a chilly bivouac during the night, was footslog to march forward before 10:20 a. m. General Bell left his camp at 7:30 and when the opposing army was privileged to start was close upon him and ready for operations. The fifty-fifth Iowa regiment distinguished itself during the battle by its steady action in holding General Barry at bay.

CAUSES MUCH INDIGNATION.

State Quarantine Declared Against San Antonio, Tex.

San Antonio, Tex., Oct. 24.—The yellow fever situation in San Antonio at the close of Friday was very encouraging. The official bulletin follows: New cases, 1; deaths, none; total cases, 9; total deaths, 3.

The state quarantine Friday declared against San Antonio has caused much indignation here as the governor has not proclaimed a state quarantine against Laredo, where there are over 500 cases, against 9 in San Antonio.

The official yellow fever bulletin of Laredo is as follows: New cases, 33; deaths, 5; total cases to date, 509; total deaths, 52.

DEPOSITORS PROTECTED.

Will Lose Nothing Through Shortage of Assistant Cashier Buck.

St. Paul, Oct. 24.—S. T. Johnson, state public examiner, has returned from Mapleton, where he has been investigating the affairs of the State Bank of Mapleton. He says depositors of the bank will lose nothing through the shortage of Alfred A. Buck, the assistant cashier, as it is now known that the amount of the shortage will not exceed \$18,000. The capital of the bank is \$10,000 and the stockholders are liable for double that sum.
